

United Arts Donor Recognition List 2010

United Arts of Central Florida is a dynamic collaboration of businesses, governments, foundations, arts and cultural organizations, school districts, artists and individuals. This partnership works to enhance the quality and variety of cultural experiences available throughout Lake, Orange, Osceola and Seminole counties. Since its inception in 1989, United Arts has invested \$112 million in local cultural organizations and cultural education. United Arts envisions a diverse, well-attended, fiscally sound arts and cultural community that serves residents and visitors to the Central Florida region. United Arts is deeply grateful to all donors and community partners for sharing this vision.

**Indicates Business Leadership Council members that have made a three-year commitment to support and stabilize arts and culture in Central Florida.*
